

# Iridium Pilot®

## Optional Backup System for TracPhone® V/VIP & HTS-series

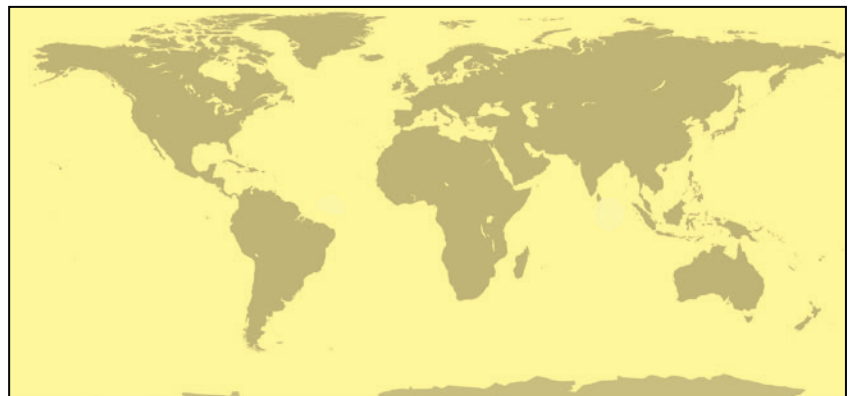

*This option is for use only as a complementary system to mini-VSAT Broadband products.*

### Iridium Pilot for Pole-to-Pole Coverage

Small and easy to install, the Iridium Pilot is an economical complementary system for mini-VSAT Broadband<sup>SM</sup> SATCOM systems, providing pole-to-pole global coverage for data and voice. With Iridium Pilot onboard and interfaced with a TracPhone VIP- or HTS-series antenna system for least cost routing, the vessel's LAN and Wi-Fi networks will automatically switch from the onboard TracPhone satellite communications system and mini-VSAT Broadband service to the Iridium Pilot (with Iridium OpenPort<sup>®</sup> service) when secondary service is needed and will return to mini-VSAT Broadband automatically when the service becomes available. The Iridium Pilot is only available for active mini-VSAT Broadband accounts. An airtime plan for Iridium OpenPort service must be selected (see below) in addition to the vessel's airtime plan for mini-VSAT Broadband.

### Iridium OpenPort Pole-to-Pole L-band Coverage

**Note:** KVH provides no guarantees of satellite coverage or availability.

### Airtime Rate Plans: Iridium OpenPort

*Iridium OpenPort must be used in conjunction with the mini-VSAT Broadband airtime service and only as a secondary system.*

- Iridium OpenPort data speeds: up to 134 Kbps down and up
- Includes 2 phone lines

Data Plan				Voice Service
Monthly Data Plans	Monthly Allotment	Monthly Rates (\$USD)	\$/MB Over Plan Allotment	Outgoing Calls
Plan	MB/Month	\$/Month	\$/MB	\$/Minute
PILOT-0	0	\$99	\$12.99	\$1.49
PILOT-200	200	\$395 (\$1.98/MB)	\$1.99	\$0.49

#### General Terms

- All prices are in \$USD and do not include any taxes or fees that may apply.
- All rate plan subscriptions must match existing term of mini-VSAT Broadband service contract.
- Incoming calls are not charged to vessel.
- Calls to other satellite networks are \$9.99 per minute.
- All services and plans are subject to the KVH Master Services Agreement.
- In order to operate within Russia, Iridium devices must be registered with Iridium's Russian affiliate (Iridium Communications 000). Users may register their Iridium SIM card at [www.iridium-russia.com](http://www.iridium-russia.com).

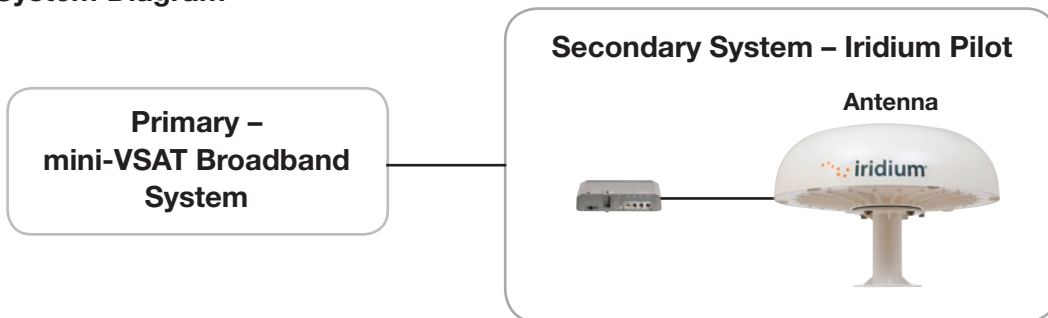

Effective 14 February 2018

## Iridium Pilot Specifications

Service	
Network	Iridium OpenPort
Antenna Type	L-band
Service Coverage Area	Global, pole-to-pole
Data Speeds <sup>1</sup>	Up to 134 Kbps bi-directional
Abovedecks Equipment	
Antenna Unit Dimensions	57 cm (D) x 23 cm (h) (22.4" (D) x 9" (h))
Weight	11 kg (25 lb)
Belowdecks Equipment Router	
Dimensions	25 cm (l) x 19 cm (w) x 5.5 cm (h) (9.8" (l) x 7.8" (w) x 2.2" (h))
Weight	1.4 kg (3.0 lb)
Complete System	
System Warranty	Iridium offers a 5-year warranty on the equipment. KVH will coordinate any warranty claims with Iridium's warranty fulfillment department.
Part Number / MSRP (USD)	72-0537-01 / \$5,495

<sup>1</sup>Published data speeds are maximum speeds and may vary in different regions and under different conditions.
